

PerfectPass

K12 TARDY & DISCIPLINE MANAGEMENT

Scan student IDs to view information from any desktop browser or either the PerfectPass iOS or Android app.

Verify student photos, print passes, assign warnings or detentions in seconds.

PerfectPass Features

- Web and iOS/Android App
- Activity dashboard in real-time
- Automated data and photo import
- Automatic semester data rollover
- Web based reporting
- Optional points system
- Incident notes field
- Phone, e-mail and chat support

Administration On-the-Go

PerfectPass is cloud-based and mobile. Administrators can assist or discipline students from anywhere on campus.

Save Time with Parent Notifications

Keep parents and guardians involved by sending instant e-mail/SMS notifications about tardy and behavior incidents.

Automatic Slip Printing

Print passes, warnings, and detention slips from any web browser to designated slip printers, or use mobile printing with the PerfectPass app and a Bluetooth printer.

Flexible Rulebase

Implement your discipline policy using the fully customizable count-based rule system. Incidents lead to consequences that reset after the semester.

Optional Kiosk Mode

Run PerfectPass in kiosk mode and allow students access to a self-serve station for tardy slips and class passes.
